New York

Index to MACHINERY

A		B	
Abbazia, J.:		Associated Machine Tool Dealers:	357
Fixture for Grinding Circular Arcs and Angles.	290	Convention of.	211
Arbor for Turning Clearance on Cutters.	613	"Auto-Gage," Piston-ring and Valve-spring	812
Fixture for Milling a Curved Surface.	685	Automatic Bar Machine, New Britain.	630
Abelt, A. R., Personal of.	320-A	Automatic Drum-making Machines, Niagara	388
Abrasive Co.:		Automatic, Ekstrom-Carlson Eight-station	728
Closer Sizing of Abrasive Grain.	420	Automatic Jigs that Have Cut Automobile Costs.	897
Abrasive Grain, Closer Sizing of.	420	Joseph P. Lannen	793
Abrasive Wheel Safety Code.	105	Automatic Lathe, Fay 12-inch	340
Absorber Parts Rough-bored on New Britain		Automatic Lathe for Ring Gears, Tooling an.	715
Chuckling Machines, Shock (correction).	735	Automatic Lathe with "Multi-Range" Hydraulic	
Accident Prevention, Progress in.	930	Feed, Barnes	
"Acc" Records, Competitions for "No."		Automatic Machine Co.:	
Harry Kaufman	591	Equipment for Diamond-boring Thin-walled	
Accidents and Stop Waste, Using Posters to Pre-		Tappet Guides.	34
vent, J. P. Glynn	362	Automatic Machine, Ex-Cell-O Vertical	643
"Ace" Surface Grinding Machine.	485	Automatic Machines, Townsend	397
Adams Co.:		Automatic Nut-Thread Corporation:	
Multi-speed Reduction Unit	404	Automatic Double-spindle Nut-tapping Machine	144
Adamson, C. H., Personal of.	816-D	Automatic Tool-room Machine, Keller Small.	470
Adapters, Arbors, and End-mills, Brown & Sharpe	968	Automobile Engines, Special Alloys for	589
Adapters, Proposed Standard for Rotating Air		Automobile Imports, Swiss	176
Cylinders and	628	Automobile Industry in the United States in	
Aetna Ball Bearing Mfg. Co.:		1930, Value of	416
Roller Bearings	885	Automobile Industry, Number of People Engaged	131
Air Compressor, see Compressor		Automobile Transmission, Hydraulically Con-	
Aircraft Engines, Building Packard-Diesel.	12	trolled, Alfred C. Anderson	501
Aircraft Engines, Machining Cylinder Heads for.		Automobiles in 1930, Exports of	456
Freeman C. Duston	497	Automobiles Used in Different Countries, Com-	
Aircraft Engines, Machining Link Rods for.		parative Number of	956
Freeman C. Duston	438	Automotive Industry, Consumption of Metals	421
Aircraft Engines, Machining Master Rods for.		Automotive Maintenance Machinery Co.:	
Freeman C. Duston	273	Ammco Round-O-Meter	400
Aircraft Engines, Milling Master Rods for.	193	Averill, Felix E.:	
Aircraft Plant, Crankshaft Milling in an.	89	Change-gears for Cutting Special Threads.	844
Aircraft Production in 1929	99	Aviation Lighting, Recent Developments in.	424
"Airflex" Riveting Hammers	153	Axelson Mfg. Co., Ltd.:	
Air-O-Matic Spot-welding Machine	549	Pipe Threading Machine.	69
Air-operated Tooling, Cylindrical Grinding with.	460	Axle Housings by Arc Welding, Making Steel.	329
Airplane Engine, Making the Wasp, Freeman		J. M. Robinson	
C. Duston	1		
Airplane Propeller Balancing Stand and Inspec-			
tion Equipment	637		
Airplane Propellers and Wing Beams, Making.			
Freeman C. Duston	361		
Air Washer, Pangborn Sand-blast Helmet and.	317		
Ajax Flexible Coupling Co.:			
Flexible Coupling.	74		
Alenite Corporation:			
Producing a Seven-step Stamping Every Second	208		
Alexander, John:			
Efficient Grinding Wheel Supervision Pays.	120		
Aligning Bushing in an Arbor Press, Fixture for.			
George L. Prytz	283		
Aligning Parts in an Arbor Press, George L.			
Prytz	37		
Allegheny Metal Welding, G. Van Dyke	875		
Allen-Bradley Co.:			
Using the Factory Roof for Recreation.	50		
Air Drill on Foot Press Speeds Up Screwdriving	131		
Starter with Overload Breakers	236		
Automatic Float Switch	236		
Feeding Bakelite Pins Through a Centerless			
Grinding Machine	275		
Design of a High-speed Assembling Machine.	347		
Pressing Bakelite Disks at High Speed.	610		
Punch Press Guard Adjustable to Die Size.	623		
Allen, Claxton E., Personal of.	408		
Allen, Harding, Obituary of.	240-C		
Allen, Vincent W., Personal of.	976		
Alis Co., Lou.:			
Totally Enclosed Fan-cooled Motors.	74		
Al-Lite Aluminum Chain Hoist	644		
Alloy Steels, Increasing Use of	290		
Alloy, The S. O. B. V. Cutting	374		
Alloys, Electrodes for the Welding of Various Steel	495		
Alloys for Automobile Engines, Special.	489		
Alsteel Press Co.:			
Person Insured All-steel Presses	879		
Alpha Instrument Co.:			
Micrometer Ruling Parallel Ruler	159		
Aluminum Alloys, Permanent Mold Casting of.			
J. B. Nealey	100		
Aluminum Castings Have Advantages as Work-			
holding Racks	435		
Aluminum Flanges for Ammonia Pipe Joints.			
C. J. Drolz	612		
Aluminum, New Developments in Machining.	214		
Aluminum, Plating Iron with.	733		
Aluminum Sheets, Testing Drawing Qualities of.			
Robert J. Anderson	494		
Aluminum Sheets to Measure Thickness, Weighing.			
F. V. Hartman	430		
Aluminum Wires and Cables for Electrical Pur-			
poses, Insulated	342		
Alvord, Charles H., Obituary of.	160-D		
Ambler, William L.:			
The Object of a Cutting Lubricant.	88		
American Broach & Machine Co.:			
Broaching Internal Gears	290		
Full-automatic Broaching Machines	298		
Hydraulic Bench Arbor Press	315		
American Drop Forging Institute:			
Fall Meeting of.	135, 209		
American Electric Fusion Corporation:			
Spot Welding Machine for Small Shops.	796		
American Foundrymen's Association:			
Convention of.	520, 785		
American Gear Manufacturers' Association:			
Semi-annual Meeting	135, 213		
Annual Meeting	768		
American Institute of Weights and Measures:			
Annual Meeting	339		
American Manganese Steel Co.:			
Amsco Manganese Steel Welding Rod.	593		
American Manufacturers Export Association			
Organized	735		
American Pulley Co.:			
"Wedgelo" Pulleys	811		
American Railway Tool Foremen's Association,			
Annual Convention of	133		
American Society for Steel Treating:			
Annual Meeting	160-B		
New England Sectional Meeting	687		
Coming Meeting	832		
American Society for Testing Materials:			
Thirty-fourth Annual Meeting	835		
Election of Officers	913		
International Congress for Testing Materials.	949		
American Society of Mechanical Engineers:			
Cincinnati Section, Organizes for an Active			
Season.	9		
New President of	218		
Annual Meeting	372		
Meeting of Cincinnati Section	374		
Meeting of Detroit Section	539		
Spring Meeting	682		
Hartford Meeting	733		
American Tool Works Co.:			
Our Experience with Tungsten-carbide Tools.	6		
Lathe or Double-end Construction	712		
American Transformer Co.:			
AmerTran Spot-welding Machine	314		
American Welding Society:			
AmerTran Spot-welding Machine	160-B, 680		
Ames Co., B. C.:	314		
Dial Gage for Thin Materials.	67		
Ammco Round-O-Meter	400		
Analysis, Using Motion Pictures in Job.	246		
Analyzer, Recording Color	442		
Anchors for Babbitt-bearing Linings.	77		
Anderson, Alfred C.:			
Hydraulically Controlled Automobile Trans-			
mission	501		
Anderson Die Machine Co.:			
Dial-feed Tapping Machine	308		
Drilling and Tapping Machine	392		
Anderson, W., Personal of	647		
Anderson, Olaf:			
Volume of Conic Section.	46		
Reversing Mechanism which Varies Point of			
Reversal	587		
Anderson, Robert J.:			
Testing Drawing Qualities of Aluminum Sheets	494		
Andrews, Arthur, Personal of	894		
Angle Fixture, Adjustable, John J. Jergens.	36		
Angle-iron, Design of an Adjustable Gang Die for			
Punching, Russell H. Stout	451		
Angle of Tool When Turning Cams, Device for			
Maintaining Cutting	188		
Angles, Fixture for Grinding Circular Arcs and			
J. Abbazia	200		
Angular Drives, Gearless Transmission for. F. E.			
Shah	189		
Appleton, R. W. Personal of	734		
Apprentice, see also Training, Education, School,			
Vocation.
